- 2.1. The purpose of this Policy is to define the rules that govern the granting of 2LD and 3LD Domain Name Licences.

- 2.2. These Policy rules do not deal with the Eligibility of Legacy Domains, and are not retrospective in affect. Legacy Domains will not be affected by this Policy or the rules contained in it, and the Registrant will be entitled to Renew the relevant Domain Name Licence or update the information stored in the Registry System in respect of the relevant Domain Name Licence at its expiry or termination PROVIDED THAT the Registrant meets the Eligibility Requirements to hold a Domain Name Licence.

3. Legacy Domain Names

- 3.1. All Legacy Domains in the Restricted Zones will be listed with a status of "Legacy" in the Registry at the time of the commencement of the New Registry Operations.
- 3.2. No changes to the information stored in the Registry System relating to Legacy Restricted Domains will be allowed until such time as the information as to Eligibility of the Registrant and the correct Registrant Contact information in respect of that Domain Name has been updated. The .aeDA will review these updates as they are submitted.
- 3.3. Unrestricted Legacy Domain Names are exempted from the Eligibility update requirement referred to immediately above however the Registrant Contact information MUST be updated prior to any Renewal of the Domain Name.

Registrants who believe that they have a legitimate reason to be exempted from having the expiry date of their Legacy Domain Licence(s) altered in accordance with the principles set out above, or a legitimate reason for not having to meet the Eligibility Requirements on renewal, should contact the .aeDA.

4. Domain Name Licence

- 4.1. There are no proprietary rights in the Domain Name System. A Registrant does not own a Domain Name, but rather the Registrant holds an exclusive licence to use a Domain Name for a specified period and pursuant to the terms and conditions that govern the Domain Name Licence.
- 4.2. The terms and conditions of a Domain Name Licence are altogether set out in each of the following:
 - 4.2.1. the Application;
 - 4.2.2. the Domain Name Licence;
 - 4.2.3. the Registrant Agreement;
 - 4.2.4. this Policy; and
 - 4.2.5. any other applicable Policy issued by the .aeDA, the TRA, or the Supreme Committee.
- 4.3. Domain Names are allocated on a 'first come, first served basis' which means that where two or more Applicants are seeking a Domain Name Licence in respect of a particular Domain Name and they all meet the Eligibility Requirements, that Applicant whose Application is accepted by the .aeDA first will be granted the Domain Name Licence.

5. Structure of the .ae Domain

- 5.1. Unrestricted Zone(s)
 - 5.1.1. Any Domain Name Registered immediately under the “.ae” ccTLD is a Domain Name Registered in the Unrestricted Zone, PROVIDED THAT it is:
 - a. not one of the 2LDs reserved by the .aeDA for use in registering 3LDs described in Section 5.2 below; and
 - b. not used to offer or sell 3LDs for the benefit of other parties other than the Registrant himself, unless exempted by the aeDA.
 - 5.1.2. The only Unrestricted Zone at the time of publication of this Policy is the .ae ccTLD; this will be reviewed at the sole discretion of the .aeDA from time to time.
 - 5.1.3. Unrestricted Domain Names are Domain Names that reside in an Unrestricted Zone which may be Registered by any Applicant, and may be available through all Accredited Registrars, subject to the .aeDA's Policy.
- 5.2. Restricted Zone(s)
 - 5.2.1. The .aeDA has reserved a number of 2LDs for use in Registering 3LDs that reside within a particular type or class, or for a particular purpose.
 - 5.2.2. The type, class or purpose of these Domain Names is indicated by the 2LD under which the Domain Name is Registered, and this also indicates the

Eligibility Requirements which are described in Sections 11 to 16 of this Policy.

- 5.2.3. At the time of publishing this Policy a number of 2LDs are reserved by the .aeDA for this purpose including:
- co.ae;
 - net.ae;
 - org.ae;
 - sch.ae;
 - ac.ae;
 - gov.ae; and
 - mil.ae.
- 5.2.4. These 2LDs are collectively known as Restricted Zones. Any 3LD ending in one of these 2LDs is thereby considered to be in a Restricted Zone.
- 5.2.5. The 2LDs which are reserved for this purpose will be reviewed by the .aeDA and may be added or removed from the Restricted Zone from time to time at the sole discretion of the .aeDA.
- 5.2.6. Restricted Domain Names are those which reside in the Restricted Zones.
- 5.2.7. Restricted Domain Names require that the Registrant must meet the Eligibility Requirements described in Sections 11 to 16 of this Policy.
- 5.2.8. Restricted Domain Names can only be Registered through Accredited Registrars based in the UAE, subject to the .aeDA's Policy.
